Dear Sir,

I would like to express my interest in continuing my support of the EC of ESAM, by keeping the position of First Vice-President of ESAM. My main interest is to support the EC and AB and be involved in whatever matters concerning Aviation Medicine and Aviation Safety.

For the last few years I have had the opportunity to collaborate, and to share ideas and initiatives coming from the EC. For sure the new team will be interactive, open and proactive, and I will be able to support it, as much as I have already done. Many things have been reached, such as ESAM Academy, or CoE and ad hoc WGs, most recently full involvement in the ICAM 2022.

Hope to continue and to support and develop the current capabilities with work and imagination.

Thank you for considering my request.

I enclose motivation letter forwarded in August 2018 to be candidate to First Vice-President

Best regards

Francisco Rios Tejada
